

Worship Service Cancellation Due to Bad Weather

"First Presbyterian Church will almost always hold a worship service on Sunday morning. The worship service will be cancelled when there is **a Level Two Snow Emergency declared** when roadways are extremely hazardous with significant snow accumulation, blowing snow or heavy ice. On weekdays **the church office and all church programs will also be cancelled when a Level Two Snow Emergency** is in effect. During other storm conditions church members are advised to use caution and best judgment when determining whether to travel to church."
